Md. Kamrujjaman

Frontend Developer

Address: Khulna, Bangladesh
Phone: +8801763137836
Email: kamrujjaman0228@gmail.com
GitHub || LinkedIn || Portfolio

Skills:

Expertise: React.js, Node.js, Express.js, JavaScript, MongoDB, Redux, Tailwind, Bootstrap, SCSS, Firebase, GitHub, JWT token,.
Comfortable: Firebase Hosting, Browser debug & console, React Component Libraries, React Dev Tools, Rechart, Axios, Mongoose, Stripe, Netlify, Heroku, Figma,
Familiar: TypeScript, Material UI, Socket.io, Next.js.

Projects:

Bistro Boss Restaurant
Live Website | GitHub
Features:

- ☐ Bistro Boss Restaurant is an innovative management web app.

- ☐ Seamlessly featuring distinct dashboard routes for both admin and user roles, this app revolutionizes restaurant operations.

- ☐ With secure authentication, streamline reservations, orders, and menu management.

Technologies: React, Redux, TailwindCSS, DaisyUI, React Router, Firebase, React Firebase Hooks, Node.js, MongoDB, Express, Vite.js, Stripe, JWT token, React paginate, Axios, React helmet, React icons, React Parallax, React responsive carousel, React simple captcha, React tabs, Sweetalert2, Swiper.js, Cors, Dotenv.

Sura Tours
Live Website | GitHub
Features:

- ☐ Sura Tours is a responsive travel website, utilizing React and SCSS.

- ☐ Proficiently integrated interactive elements while ensuring seamless UI/UX.

- ☐ Demonstrated adeptness in front-end development, user-centric design, and responsive web design principles.

Technologies: React, SASS, React Router, Node.js.

3D Portfolio
Live Website | GitHub
Features:

- ☐ A dynamic React-powered website merging 3D object models and stunning animations.

- ☐ Seamlessly navigate through sections like banner, about, experience, skills, projects, testimonials, and contact.

- ☐ A showcase of my frontend prowess, this project boasts interactive elements, responsive layout, and captivating animations, underscoring my skills in React, creative design, and user experience.

Technologies: React, TailwindCSS, DaisyUI, React Router, Node.js, React Vertical Timeline Component, Three.js.

Courses:

- ☐ Think in a Redux way - Learn with Sumit Platform.

    - Certificate
    - Letter of Recommendation
